**Class 1B Comments:**

Although this was a full-bodied viognier class, few wines showed the appropriate ripeness and complexity expected of the variety. Many wines were raspy, lean and short leaving overbearing oak with no where to go. Few had the chance to develop length and depth of flavour.

**Class 12B Comments:**

A diverse array of wines with exotic, riper fruits, florals and spiced nuances. Oak and freshness, on the whole, was managed well. The finer elements of the wines still need work to coax out the characters that make each grape expression unique.

Such an exciting variety that can adapt to most climates. Top wine showed classic varietal characteristics of the variety with great acidity and textured phenolics. Sometimes its not always about the aromatics but more about texture and mouthfeel.

A excellent class overall. The top wines maintained aromatics and retained enough freshness and crunchiness to cut against the rich, ample fruit. Textures were attractive and careful use of oak was to be celebrated. Numerous wines were overly ripe, big and soupy. The top wines didn't over do it, retaining the best elements of the grape.

DeBortoli Wines	2018	Vinoque Novo Tinto	King Valley	32A	13	92.5	Silver

### Class 32A Comments:

Too many winemaking faults which ruined a few wines. Top examples showed purity of fruit which was dark and deep with lots of vibrancy. Lifted aromatics on the top wines. Good to see some fine examples.

Such a great class. Diverse but a pleasure to judge. Best wines scored high for drinkability, and carried a degree of seriousness. Top wine just had an extra layer of sophistication.

### Class 33 Comments:

Wide range of 'pretty' colours.  
Unfortunately sulphides, phenolics, some ferment issues or RS held some wines back.
